A PLAYCORE Company

July 24, 2014

To the City of Chattanooga,

The playground equipment and installation for Eastlake Recreation Center is valued at \$170,000. As part of our "Give Where We Live" program, Gametime is offering a 50% discount on the PowerScope play system. This program allows GameTime to give back to the neighborhoods and communities in which we live, work and play. Furthermore, the swings, surfacing, installation, and freight have been reduced to our cost for a final selling price of \$84,844.32.

Replacing the playground at Eastlake Recreation Center will greatly enrich the lives of children and families in this community. The proposed play system is designed to create opportunities for children to be more active and physically fit. Moreover, we leverage nearly a century of play research to design play components that encourage collaborative and social interaction, enhance physical and cognitive development and promote creative play that inspires the imagination.

We are excited for the opportunity to make our hometown a more playful place to live, and we are grateful for the partnership we have with the Trust for Public Land and the City of Chattanooga.

Sincerely,

A handwritten signature in black ink that reads "Robert V. Barron". The signature is written in a cursive, flowing style.

Carla,  
The 3 Fitness Zones will be located at the following sites:  
1) Carver YFDC  
2) South Chatt YFDC  
3) East Lake YFDC

The value of the donation to the City is closer to \$250k - we are having to account for a few construction changes due to the site at Carver.

Thanks

Rick,

I got your message that the fitness zones are separate from the playground and that the Trust is providing three fitness zones at no cost at different YFD centers for a total value of \$220,000. You said that one fitness zone was adjacent to the playground at East Lake. Can you identify the other two?

Is the \$220,000 a donation?

Thanks.

It's coming out of East Lake center capital account. Simone White moved the money there.

I talked with Rick and he told me the donation amount was the list price less the selling price, but I still need the accounting string for the resolution.

Thanks.

I had to leave a message for Rick Wood. There is no mention of a donation in the letter he sent, and I need the financial information for whose paying the bills?

Yes I remember that -barely. Could you forward the letter you requested from Playcore to Carla so she can attach please?

Carla

can you please put a resolution together for both the playground at East Lake that the City will pay for at a reduced rate and the 3 fitness zones (donated) that will be installed at East Lake, Carver and South

Chattanooga. Contact Rick Wood and he will give you financial details for both parts. I would love to get this on the agenda ASAP. Thanks

Greta,

Have you submitted the resolution for a future Council agenda? That is the only major obstacle. My last conversation with Brent led me to believe he was going to talk to you about submitting a resolution request that combined the acceptance of the donation and the purchase of the playground equipment.

We need Council approval and a requisition for the playground purchase to proceed.

David

Just wanted to see where we are on this and if there is anything we need to do.

I've been out of the office the last 2 weeks with work and wanted to follow up. I very well could have missed some instructions.

Thank you.
