

Tree Planting Plan

A Tree Planting Plan must include the following information:

- Site Address
- Measured Impervious Area of site or billed ERUs
- Calculated figure of 25% of the Measured Impervious Area
- Number of Trees proposing to plant
- Class/Type of Tree
- Site Map with the location of trees to be planted and/or existing qualified trees
- Contact person and contact info (including email).
- Maintenance Plan and Schedule (Include watering, pruning, mulching, and replacement schedule)

Tree Planting Plans that are received incomplete will not be processed.
